Education

B.Tech(CSE-AIML)

ABE Engineering College | Ghaziabad, Uttar Pradesh 201009 | Board: AKTU

2023 – 2027

5th CGPA: 8.2 (Current)

Senior Secondary

Kanpur Public School | Kannauj, Uttar Pradesh | Board: CBSE

2022 – 2023

Percentage: 83

Technical Skills

Skills: C, C++, Python, Java, Javascript, React, UI/UX, Tailwind CSS, Node.js

Database: MongoDB, PostgreSQL, DialogFlow, SQL

Tools & Platforms: Figma, Git, Github, Visual Studio Code, Canva

Internships

IBM Mooc

July 2025 — August 2025

PBE Equivalent to Virtual Internship - Web, Mobile Development & Marketing

Remote

- Completed a 60-hour Virtual Internship with IBM in Web, Mobile Development & Marketing (Aug 2025), gaining hands-on exposure to application development, digital marketing, and deployment of web/mobile solutions.

Projects

StoryStudio

September 2025

- Built the frontend of an AI-powered web app that converts story ideas into visual narratives with smooth and professional UI.

Wildlife Analytica

December 2025

- Wildlife Analytica uses AI to predict which species are at risk of extinction and why, by generating missing data and explaining real causes through a clear, easy-to-understand dashboard.
